

Peacebuilders® Challenge

Our challenge is to create the world we choose to live in. It takes bravery, courage and intelligence to build peace. Honor, power and freedom flow to those who rise to the challenges of the PeaceBuilder®:

- To show respect when faced with disrespect
- To seek wise people as advisors and friends
- To picture the good that can be and act to bring it about
- To look for the good in others and praise it
- To watch for danger and to act to make all places safe
- To speak up about and make amends for hurts we have caused
- To right wrongs
- To help others

When each of us rises to these challenges, we all benefit by having peaceful schools, homes and communities.
